Flock management just got easier...

Flock management is essential to the success of your operation. Accurate and efficient management is not easy...until now!

- **Palm® PDA sheep management application**
- **Your flock data goes with you to the field, barn etc.**
- **Birth, purchase, medication, health and disposal records**
- **Breeding groups supported for lambing**
- **Auto reminders to record 50- and 100-day weights**
- **Data easily exported to Excel®**
- **Create SFIP, GenOvis and CLRC files for electronic transfer**
- **Import SFIP, GenOvis and Ewefarm files**
- **Available in French or English**
